# REVOLUTION

Collections manufactured by recovering and recycling plastics from the Mediterranean

IBIZA  
BY EUGENI QUITLLET

This is the first collection we launched by recovering and manufacturing recycled fishing nets from the Mediterranean Sea. Eugeni Quitllet was inspired by the idyllic natural surroundings of Ibiza, where he spent his childhood, to design a unique Mediterranean inspired collection. Wave shaped liked pieces that also simulate seashells.

BY EUGENI QUILLET  
**BROOKLYN**

The Brooklyn Chair is available in three Revolution colours: Milos, Cala and Manta. We obtain Manta colour from recollecting and processing fishing nets from Mediterranean fishermen and transforming them into durable and recyclable products.

EVOLUTION

The Revolution's white is called Milos (on the right photo) and it is the result of transforming recycled plastics from our Mediterranean coasts. Our designs are created with a soul.

BY EUGENI QUITLET  
**LOVE**

Cala (on the right photo) is a bright but also warm colour obtained from processing plastics from the Balearic Islands and transforming them into lasting and recyclable products.

BY EUGENI QUITLET  
**PEDRERA**

In our VONDOM Revolution range, we manufacture our products using recycled plastic from the Mediterranean Sea, extending it's life and enhancing it's real value. Due to the origin of this raw material slight natural imperfections may appear, which gives every piece it's own personality and spirit.
